Education

BTech in Computer Science

MGM College of Engineering and Technology, Pampakuda, Kochi, Kerala

2018 - 2022

Experience

Self-Taught React.js Developer

- Focused on building innovative and user-friendly web applications using React.js.
- Actively developed and optimized React applications to improve performance and scalability.
- Gained hands-on experience in deployment using platforms such as Netlify and Vercel.
- Explored and implemented state management tools like Redux and Context API to enhance application scalability.
- Created reusable React components to improve development efficiency across projects.
- Continuously learning and staying updated with the latest features and trends in the React ecosystem.
